Motivation

The one-month program aims to provide intense education and training in international law and human rights. For this reasons, BIICL seeks candidates who are interested in and committed to learning about these subjects.

Please explain why you are interested in attending the program and what you hope to gain from the program.

As part of the program, you will be required to write an article of publishable quality for the Bulletin of International Legal Developments (BILD) on an issue related to international law or human rights (e.g. a recent court decision; recently enacted legislation etc.)

Please tell us what legal issue you plan to write about.
